### About the College & Department

"If you educate a boy, you empower a man; If you educate a girl, you empower a family".

This axiom has been the bedrock on which stand our reputed institution, A.P.C.Mahalaxmi College for Women, Tuticorin. Fueled by an innate urge to empower the illiterate masses of this under developed vicinity, and thereby, build up a strong nation with patriotic and socially responsible citizens on the Gandhian principles of peace, nonviolence and communal harmony, the institution was established by its Founder President, a well-known philanthropist and freedom fighter, Kalapathy Sri. A. P.C. Veerabahu in 1973. Since its inception, our institution is providing immense service and opportunity to the most unprivileged sections of society. The Department of Mathematics was established in 1974 under the headship of Miss.N.Saviri and upgraded as PG Department in the year 1985.M.Phil Programme was introduced under the unaided stream in 2007. In the year 2018, the department has become recognized Research Centre and B.Sc Mathematics (BatchII UA) has been started. The present principal Dr.N.Meenakumari belongs to our department. At present 8 members of staff under the headship of Dr.K.Palani are rendering whole hearted service to the profession. So far, 6 candidates were awarded Ph.D and 17 pursuing their research. The Department is conducting additional certificate courses such "Office Accounting" and "Swift Maths" as a value addition to the students' academic career. It is our earnest wish that we create learned and responsible society.

### About the Conference

As a continuation to our last year international conference, the PG & Research Department of Mathematics, A.P.C.Mahalaxmi College for Women is organizing this two day International Conference on 9,10 March, 2020 on the topic "Applied Mathematics and Intellectual Property Rights". Application oriented research is an evergreen topic of interest and its relevance in this period of disruptively innovative, fast moving world is immense. Hence, we are looking to provide opportunity to explore further in the field of applied mathematics. As our country is striving to innovate more and more to bring prosperity and progress in society, need for brand new original thoughts and ideas is aplenty. This conference is trying to provide a platform for germinating such ideas. The second topic of the conference, intellectual property right is as relevant as the first one. **What is innovation**

- **Innovation** happens when someone "improves on or makes a significant contribution" to something that has already been invented.<sup>1</sup>
- And converting the knowledge into a wealth is called innovation.
- "Innovation is a complex process- even defining innovation is problematic!"<sup>2</sup>
