Report on Gender Equity Programme on “ Rights of the Girl Child”
24.01.2023

National Service Scheme Unit No. 47 & 57 and PG & Research Department of Chemistry in collaboration with District Legal Services Authority, Thoothukudi, organised a Gender Equity programme on the topic “ **Rights of the Girl Child**”on 24.01.2023 to create awareness about the rights of the girl child, to remove gender-based bias and education of girl child, child marriage, various schemes for the girl child and empowering the girl child. They also added up on sensitizing the participants on the ill effects of dowry, hazards of domestic violence and child labour.

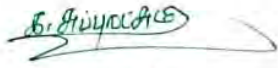

Dr.H.Kohila Subathra Christy, Head and Assistant Professor of Chemistry, welcomed the guest and participants. Mrs.K.Kalaiselvi, Panel Advocate, District Legal Services Authority, Thoothukudi, was the invited chief guest. In her speech, she said that the girls around the world continue to face unprecedented challenges for their education, their physical and mental wellness, and the protections needed for a life without violence. Girls with disabilities face additional barriers to accessing support and services. COVID-19 has worsened existing burdens on girls around the world and worn away important gains made over the last decade. With adversity, however, come resourcefulness, creativity, tenacity, and resilience. The world’s 600 million adolescent girls have shown time and time again that given the skills and the opportunities, they can be the change makers driving progress in their communities, building back stronger for all, including women, boys and men. Dr.D.Shanmuga Priya, NSS Programme officer, Unit No. 47, proposed a vote of thanks. All the NSS volunteers have participated in the programme.
