Report on Community Service
Cleaning the Temple
12.11.2020

Students are the real ambassadors of cleanliness and they have opportunities to motivate others to keep their homes, schools, colleges, and surroundings clean. To prove this, the Department of History organized a community service to clean in and around the temple located in Keela Theru, Eppodhum Vendran village. It is essential for everyone to learn about cleanliness, hygiene, sanitation, and various diseases that are caused due to poor hygienic conditions. It is not the responsibility of only one person rather it is the duty of every countryman. Temple is a very sacred place for worship, and this place has to remain sacred. 10 students from the Department of History worked hard in cleaning the temple. The outcome of this programme was that students understood the importance of keeping the surroundings clean. Dr. L. Sangeetha, Assistant Professor of History escorted the students by arranging a van.

Report on Community Service

Distribution and Plantation of Saplings

29.11.2019

The Department of History, A.P.C. Mahalaxmi College for Women, Thoothukudi, organized a Community Service by distributing saplings to the teachers and the students of Government High School, K. Kumareddiahpuram, Eppodhum Vendran village and planting the saplings in and around the school campus on 29.11.2019. Plantation of saplings is necessary because trees provide oxygen to the environment and make the air clean. It also reduces pollution, thus making the future generations' life safe and secure. Trees contribute to their environment over a long periods of time by providing oxygen, improving the quality of air, conserving water, preserving soil, and supporting wildlife. Trees provide food, protection, and homes for many birds and mammals. Ten students from the Department of History distributed and planted the saplings. Mrs. P. S. Muthulakshmi, Assistant Professor of History, escorted the students to the village. The programme insisted on the motto of "Be careful not to drop the plant! Shake your hands with trees to save our environment". Overall, the Community Service successfully achieved its objective of instilling the spirit of service in the participating students.

A.P.C.MAHALAXMI COLLEGE FOR WOMEN**Thoothukudi-628002****Department of Computer Science(2018-2019)****Community Service****Report**

The Department of Computer Science, A.P.C. Mahalaxmi College for Women, Thoothukudi organized an outreach programme for rural Higher Secondary students. The objective of the programme was to create awareness on planting large numbers of trees, that help to purify the polluted air that we breathe in. Plants play a big role in our ecosystem by maintaining a balance among all the elements that are present in nature.

Mrs M. Jane Sophia faculty of our Computer Science department and 10 Students of IB.Sc. Computer Science visited Prasanna Matric Hr. Sec. School, Puthiyamputhur, Thoothukudi on 30.03.2019 to participate in community service and planted trees on the school campus.

This community service program gave an awareness program to students on how planting trees helps to make the surroundings greener.

REPORT

Department of Physics, A.P.C. Mahalaxmi College for Women, Thoothukudi has extended their local community service to TNDTA Middle school & Church located at Odaipatti Puthur, Thoothukudi on 12.04.2022. Around 25 students (I, II & III B.Sc Physics) had taken part in this service along with the faculty members. The outreach activity enabled students to develop empathetic concern. In addition, it also helped them improve their attitudes and had a positive impact on their overall personality

The objective of this program is the student-led church cleaning initiative was a success, contributing to the upkeep of the church premises while instilling valuable lessons of responsibility and community service among the participants. Hard work and commitment, they not only contributed to maintaining the church's cleanliness but also cultivated valuable life skills and a sense of civic responsibility. With continued effort and support, such initiatives will undoubtedly contribute to the enhancement of the church environment and the fostering of a strong sense of community among its members.

The student-led voter awareness program exemplifies the power of youth activism and community engagement in promoting democratic values and civic responsibility. By equipping individuals with the knowledge and resources needed to participate in the electoral process, the program has made a significant contribution to strengthening democracy and fostering an informed and engaged citizenry within the community. Mrs. R. Suya Padhra Haridha, Head & Assistant Professor of Physics has made the arrangements for this program.

Report on Distribution of Saplings - 10.08.2022

The PG & Research Department of English, A.P.C. Mahalaxmi College for Women, Thoothukudi organized an outreach programme in Mapillaiyurani, Davispuram village on 10.08.2022, from 9:00 a.m. to 1:00 p.m. Dr. T. Lilly Golda and Dr. J. Vasantha Sena coordinated the event and escorted 10 students from III B.A. English. The objective of the programme was to instil the spirit of service among the participants and emphasize the importance of community engagement and environmental stewardship. The programme saw active participation of the students who engaged in sapling plantation. This hands-on experience provided them with a deeper understanding of the value of community service, fostering empathy, responsibility, and a sense of civic duty. The direct beneficiaries of the service were the residents of Mapillaiyurani, Davispuram village, who benefited from the beautification efforts and the positive impact on the local environment. The programme yielded positive outcomes as the participating students gained a deeper understanding of the value of community service. By actively engaging in the planting of saplings and interacting with the local community in the village, the students developed a sense of empathy and responsibility towards their surroundings. Through their involvement, they contributed the beautification of the area and potentially improved the local ecosystem. Additionally, the programme fostered a spirit of collaboration and teamwork among the students, as they worked together towards a common goal of service. The Community Service on "Sapling Plantation" was successfully achieved its objective of inculcating the spirit of service in the minds of the students.

Awareness on the Harmful Effects of Plastic - 19.10.2022

The PG & Research Department of English, A.P.C. Mahalaxmi College for Women, Thoothukudi, organized a community service programme for rural school students. The objective of the programme was to create awareness of the harmful effects of plastic usage. On 19.10.2022, Dr. J. Vasantha Sena and 15 students of II B.A. English visited St. Francis Xavier High School, T. Saveriarapuram, Thalamuthu Nagar, Thoothukudi to participate in the community service activity. The activity raised awareness to students on how to make the world around them a safer, cleaner and better place to live. Under the guidance of the department, the student participants engaged in interactive sessions and presentations focused on highlighting the detrimental impacts of plastic on the environment, wildlife, and human health. Through activities and discussions, students gained insights into the alarming statistics and facts surrounding plastic pollution, fostering a deeper understanding of the urgency to address this global issue. The outreach programme extended its reach to the students of St. Francis Xavier's school, serving as beneficiaries of the service. Through informative sessions and collaborative efforts, the department facilitated meaningful conversations. The programme aimed to inspire them to become advocates for environmental conservation and agents of change within their communities. Through their participation, students not only acquired knowledge but also developed a sense of responsibility towards protecting the planet for future generations. Overall, the outreach programme served a platform for raising awareness and fostering a sense of environmental stewardship among the student participants also making a positive impact on the students of St. Francis Xavier's School.
