The Non teaching staff too joined hands with the teaching staff, thus extending their co-operation. The frontline workers were honoured with mementos. The two day Camp came to a successful close with a Vote of thanks.

The campus was cleaned and necessary arrangements were made for the students before the College reopened on 1<sup>st</sup> September, 2021. On the reopening date the student's body temperature were checked & asked to use hand sanitizer at the entrance & then only allowed inside the campus. Daily vaccinated & non-vaccinated strength of the students was taken and it has been given to the JD office. Awareness was created among the strength of the students about the need of vaccination to minimize the non-vaccinated students strength. On the list of non-vaccinated students strength, again a one day camp was arranged for the students on 02.09.21. Nearly 22 students & 2 non-teaching staff members had their vaccine.
