

I am Hema Swetha, studied B.Sc computer science in APCM of 2013-2016 batch.

I felt positive vibe right from the 1st day of college. My UG starts with AADHI MAM. From first, mam treats all of us like their children. We didn't feel like we're in college when AADHI mam is in class. Very supportive and friendly till Mam's last day in college.

Then came Kamali mam. She is like our senior friend who guides with everything. From subject matter to fine arts to personal life.

JAYANTHI MAM.... I spoke in front of all new faces in the class for the very first time in my life. Mam encouraged me through out the time I spoke. Being a non computer science student in school and unaware of software programs, mam taught every single line in program very easily. For the very first internal exam of C Programming, I studied particularly to get appreciation from Jayanthi mam. And as a result, the word "Hey super da" ✨....still whenever I feel low in life I remember that day to boost myself.

Then SOWMYA mam, heard as strict HOD during the 1st year. But , when Mam entered our class in 2nd year to teach Java, felt like a superb guide and a wellwisher for life. The whole journey with mam felt like someone is there to guide me whenever I need some suggestions.

SUSAN mam, HOD of our department, but treats every students the same. No junior or senior in front of mam. Every single line taught by mam about how to lead a life peacefully by enjoying every single moment, meant a lot to me. I discuss this even with my parents still now.

JANE Mam, go to person. Care free staff. I learnt to be calm in every situation from Jane mam. Mam's teaching, words about life makes my thought about life in another dimension.

Finally GOMATHY Akka, our own sister, treats us like her sister.

Each and every staffs, my batch friends and even each and every place in and around our department holds many many many memories. If truly there is a time machine, I wish to revisit every day of YOUNG ME in APCM, just to see how I started myself opening up and how happy I was.

Now I am an employee in FOOD CORPORATION OF INDIA, and I am proudly saying that I am an APCM student.

Thank you for making me experincing many first moments like getting claps for my speech, getting prizes for extra curricular activities, first stage experience and cherry on top is making me as the "best outstanding student of the year" and many more beautiful memories and thus making it as a golden period of my life

As how college life is special for all student, the college where were we study and the staffs,whom we are guided by were also special. The reason behind the platform where I am standing today is by all the staffs who teaches me to understand better and mould me accordingly. They don't stop by just sharpening our academic skills but also help us grow as individuals, instilling values and confidence that have shaped who I am today. Their unwavering support and guidance have been pivotal in my journey, and I will always be grateful for the lessons, both in and out of the classroom. From every lecture to every piece of advice, I carry their teachings with me, and it continues to influence the path where I am today. Thank you for playing an integral role in my development and success mam. You have left a lasting impact, and I am proud to be an Alumnae of A.P.C Mahalaxmi College for Women.

- Sudha Devi T,  
Department of Computer Science (2020 - 2023) batch.

Greetings Computer Science Family ✨

I am Vidhya Ananthi studied B.Sc. Comp Sci in APCMC 2013-2016 Batch  
Now working in APCMC as Aided Non Teaching Staff

Our batch enjoyed a lot

Those 3 years were very memorable lots of love, encouragement from our staffs

we celebrate every functions together all staffs and students give our full participation

Staffs were very friendly that we can share our own problems and they will give good advice and soln for it and make us motivated

Susan mam, Sowmya mam, Jeyanthi mam, Jane mam, Aadhi mam, Gomathi akka and all staffs were very cool and we enjoy every classes

Staffs will make us participate in extra curricular activities and give their support

there will be no senior junior method all students will be same and friendly sisters by seeing our staffs

Most memorable happiest part of my life is B.Sc time

many memories with this department

our batch will be happy to study again with same staffs and friends

Thank you all for being so kind and friendly and make us all to place in a good carrier.

Susan mam will say always should select the path correctly you should know what you need which suits you and select it those words we still remember and we talk about that when we friends chat. In SE paper she teach the theory and also give many more information about software engineer topics other than in syllabus.

Sowmya mam support us for participating in fine arts and all. 2nd year theory paper the sums were very clear when she teaches.

In Jeyanthi mam class we all will see her and observe the class especially for me, whenever she takes class i just listen her and make imagine in my mind and i will write that in my test without mugging when i see the book her words in that topic will be remembered in my mind and i will write.

Jane mam was very friendly ever my sister who studied 4 years back still ask me about Jane mam she is very cool and handle the situationd cool. The same Teaching method as like Jeyanthi mam for Jane mam too. They make us clearly abbreviate the topic and make us clear no mugging up. Even now when i open my old B.Sc books still i can answer from their subjects as i am very filled in my mind Both very very close to our batch.

Susan mam Sowmya mam we are having great respect on them.

All staffs were friendly and were still in contact with old students and motivate us still now in our carriers.

Thank you all staffs for being a big step in our life

So happy to be a part of this department.

- Vidhya Ananthi,  
Department of Computer Science (2013 - 2016) batch.

Hi dears I am V.C. Subha alumini of APCM college (computer science Dept). For the academic year (1998-2001). I met many great personalities mentors. Always I was very playfull ad our leaders (teachers) guide me in so many situtations ad they always support me especially our team leader mrs.Sowmya mam (hod of c.s) helped us a lot in many situtaions ad she gave many hours in ad many advantages in our lab time ad also support us for our talents. Now many of your students are working in different skills

- V.C. Subha,  
Department of Computer Science (1998 - 2001) batch.

I am S.Jeya Selvakumari alumni of APCM College (Computer Science Department). For the academic year(1998-2001). During those days I was a very shy and calm student. Mrs. Sowmia was HoD. She was very strict at that time. I will be very scared to talk to her. She handled Computer Architecture Paper in very simple and understandable way. I scored high marks in that paper. Till now I like that paper. She was encouraged me a lot. Now mam is very friendly and guiding me very much. My maths mam Uma and COBOL mam Blessie were very friendly and motivated me to learn in a peaceful way. Microprocessor was effectively taught by Meena mam. She was very strict and kindful. Susan mam handled AI. She came when I was in last semester. During that time AI was new subject to us. It was very difficult to understand. But she taught in interesting way. Electronics Lab was very interesting to work. Now I am working as Assistant Professor in Kamaraj College. Thanks to all my professors for achieving this level.

- S.Jeya Selvakumari ,  
Department of Computer Science (1998 - 2001) batch.

I am M.Jesika Mary Alumni of APCM College ( Computer Science Department). For the Academic Year ( 2019-2022).APCM College is a Heaven in My life. APCM college gives more Memories ,Experience , Lessons and changed my life and me into Bold person and knowledgeable and My Respectful Teachers are my Inspirational woman's in My life. My Teachers are like mother . My HOD mam Mrs.Susan mam. She is my Inspired Motivated mam she gives me more confidence in My life .She is a Bold super woman mam Her boldness inspired me a lot she is my supportive ,motivated mam She is like mother for me. Mrs.Jeyanthi mam She is such a sweet caring mam.I like her speaking and smile. Her teaching was very interesting and Nice.she was Motivated me a lot . looking my face Mam correctly Guess and tell whether I am Happy or sad ,she is like my supportive ,caring and motivating mam .she is like a mother.Next Mrs.Jane mam she was a good friendly mam . Mrs.Sowmiya mam she is a best mam. I like her teaching It was very Good. Next Mrs.Roselin mam she was a sweet friendly mam. Mrs.Aarthi mam she is a very Good Friendly mam. All Teachers in My department are my Favourite Teachers in My life . All Teachers teaches me very well and motivated and inspired me.I have more Respect to all my Teachers .All my Teachers and College gave me more sweet memories in college life that is very precious God's Gift Memories to me in My life. All my Teachers are very best Teachers .My College life and My Teachers are God's Gift to me in My Life. In My Department My Rose Garden Memories is my special Favourite memories in My life. Thanks for my all Teachers for motivating and supporting and Guiding me very well.The College and Teachers gives me more Confidence and Strength in My life to Achieve. All my Teachers are my backbone. College Memories are unforgettable throughout life . Time will goes on but My Special Precious College Memories are special God's Gift to me and it is unforgettable Memories stay forever in Heart throughout my Life.In My college I have learnt to speak well confidently and gain more knowledge in My College. All my Teachers are my supportive pillars in My college journey and in my life. Thanks for All my Teachers. In My Department, All are my Favourite Teachers. I like my All Teachers. All are special to me.Miss you all mam.Thanks for Guiding me well mam.I want all your Blessings, Support and Guidance throughout my Life mam.Thank you all my Respectful Teachers.

Saraswathy Murugesan

(Assistant Vice President - Standard Chartered Bank, Bangalore)

A.P.C Mahalakshmi college for Women 2002-2005 Batch

Department of Computer Science(B.Sc)

I am beyond thankful & very grateful to Mr.Chokkalingam Sir without whom I wouldn't have achieved my current position personally & professionally. His vision , constant support & unwavering commitment to women education is highly invaluable, which helped myself and many women getting a chance to afford college education.

I am highly thankful to my dear Alma Mater which played crucial role of shaping me into what I am today - an enthusiastic learner, an ever-aspiring & confident individual, and a fearless woman ready to embrace real world challenges.

I am grateful to the highly intellectual, experienced and supportive faculties of Department of Computer Science who instilled the subject knowledge into me. They not only trained us in the academic curriculum but also motivated & helped us by providing guidance & required assistance to participate in Technical Symposiums ,Tech Events, Sports & Cultural events. The Amazing faculties with their tireless efforts & constant encouragement, mentoring support helped to nurture my soft skills effectively , foster networking & collaboration and inculcated self confidence on me abundantly.

Dear Alma Mater, you have been my guiding star and I am always proud to be a part of it !!!

I am always indebted to each & everyone who has been part of this spectacular journey !!!

THANK YOU !!!
